III. 1 What did you like about the class?

It was very well organized and covered just exactly what I wanted to learn.
everything
Independent work sessions with instructor assistance
Comprehensive overview from the web down to details of using templates. The classes sped by even though they were 3 hours long!

III. 2 What didn't you like about the class?

nothing
Pacing allowed reinforcement of concepts
The computer equipment was a bit balky, which essentially made me waste an entire practice session.

III. 3 What improvements would you suggest?

possibly offer it in Rockville or Germantown
None
There was almost too much information ... this was of necessity due to the scope of the material, but it was a bit overwhelming at times. Some of the slides were repetitive, and could have been edited down. As a general suggestion, I would say more words per bullet point ! Also, it would have been nice to have a bit more hands-on practice earlier. Maybe force us to use Wix or GoDaddy and create just the most rudimentary website on Day 2, for instance. That way, when we did our own, it wouldn

III. 4 What other classes would you like to see offered?

SEO (Search Engine Optimization)

Creating Your Personal and Small Business Web Sites, Part II of an excellent course!

General computer technology; more detailed usage of HTML in editing or constructing websites; cloud technology.

III. 5 What is (are) your reason(s) for taking this class?

general interest

create my own website

Learn to apply website design and maintenance tools

Create a personal/small business website. I think that the course was quite valuable in getting me started! Prof. Burnett is to be commended for the great scope of the course and his engaging manner.
