III. 1   What did you like about the class?

That it was more hands on and experiential.
the exercises
I liked that the class was slower paced than the Javascript class. I was able to understand how to make calls design fancy web pages.
jquery plugins.
I understand more about javaSript
Learning jQuery!

III. 2   What didn't you like about the class?

nothing to report
I learned a lot from the textbook. However, sometimes when I referencing the textbook, I was not able to find the exact syntax that I was looking for.
I did not dislike anything about this class.
do not have anything. It is just about the network too slow
N/A

III. 3   What improvements would you suggest?

Give a little more context to the code we are reviewing and reminders of what various punctuation means in the code.

just right

I would be great to have a reference book recommended for use after the class is completed.

faster computers.

the network can work faster

N/A
